

Note: Admission to the Bachelor of Science in Nursing (RN-BSN) degree program requires successful completion of an associate degree nursing program at a regionally accredited institution validated by transcript(s) and possession of an active, unencumbered RN license. Associate degrees in nursing earned from accredited institutions will fulfill the same Yavapai College General Education requirements (up to 28 credits) to earn a Bachelor of Science in Nursing (RN-BSN) degree. AAS Nursing requirements are met by Prior Learning Assessment for RN nursing degree and license (40.5 credit sequence of nursing theory, skills, and clinical courses).

- Students who successfully complete LDR 201, LDR 202, and LDR 203 earn a Management - Strategic Leadership Certificate

This recommended progression plan is not a binding agreement of any kind between Yavapai College and the student, but merely represents a potential curriculum which may be altered as appropriate to meet the student's academic objectives. Course availability is subject to change and all courses are not available every semester. Students should inquire each semester with their Advisor before registering to determine current requirements and possible changes to the suggested curriculum.
